

## ***Advance Care Planning/MOLST CONFERENCE for Professionals***

**The MOLST (Medical Orders for Life-Sustaining Treatment) Program:  
A Community Approach to Improving Care at the End-of-life**

***Saturday, April 17, 2010***

Lifetime Care Home Care and Hospice  
3111 Winton Road South  
Rochester, NY 14623  
8:00am – 4:00pm

**This Conference is offered at no charge due to the collaborative effort of the sponsors and the National Healthcare Decisions Day New York State Coalition Diverse Populations Subcommittee.**

Patricia Bomba, M.D., a national expert, will lead the conference that will focus on patient and system-based approaches to implementation of the MOLST Program for seriously ill adults

At the end of the conference, the attendee will be able to:

- Discuss the nuts and bolts of the MOLST Program as part of advance care planning.
- Describe effective patient/family decision making.
- Demonstrate the process for patient-centered, goals based communication.
- Participate in community educational activities to improve care at the end-of-life.

**Seating is limited so register now!**
