Subject: Influenza update # 3

October 8, 2009

Attached is an update on H1N1 vaccine distribution and safety and an update on the availability of seasonal Flu vaccine. We are presently in the process of finalizing the list of practices that will be receiving direct vaccine shipment from the CDC. Priority for the first shipment will be for practices serving pediatric and obstetrics patients. It is urgent that practices sign the **NYSDOH letter of agreement** by October 9th to be eligible to receive shipments of vaccine.
