

# HIPAA & HITECH: What You Need to Know to Comply with the New Requirements

Michael Schoppmann, Esq.

Kern Augustine Conroy & Schoppmann, P.C.

Wednesday, April 28, 2010

12:00 pm-1:00 pm

**E**nacted in 2009, the Health Information Technology for Economic & Clinical Health Act (HITECH) significantly changed how the privacy and security of protected health information is regulated. The HIPAA laws were modified and new data breach laws were adopted. These changes affect a practice's internal operations, as well as the practice's business associate arrangements. Some requirements are already effective, while others take effect February 17, 2010. This webinar will educate you the changes your practice needs to make in order to comply with these new requirements.

You can participate from your computer or at the Monroe County Medical Society. (Driving Directions are on our website: [www.mcms.org](http://www.mcms.org))

Please follow the directions below to log in.

1. Dial 866.640.4044
