Medical Society EMR Service Bureau

The Rochester RHIO is the recipient of a HEAL NY grant to support EMR adoption in the Greater Rochester region. This grant will allow the Monroe County Medical Society to create an EMR Service Bureau to assist physicians in vendor selection, training, and implementation of electronic medical record systems. Participating physicians will be eligible to receive funding to support their purchase of EMR software and hardware.

225 Physicians.

The Service Bureau is recruiting 225 physicians. In order to qualify, physicians need to meet the following criteria:

- Independent physician practice.
- Cannot currently own a full EMR system.
- Not restricted to contract with a specific EMR vendor.
- Agrees to purchase a CCHIT 2007 certified EMR system.
- Participates as a Medicaid provider.
- Agrees to include connection to Rochester RHIO's health information exchange as a component of the EMR adoption process.

Next Steps.

Contact Nancy Adams at the Monroe County Medical Society for further information, or to place your name on the list of interested physicians.
